

1 CLAIM: A new and distinct variety of peach tree,  
2 substantially as illustrated and described, characterized by  
3 its large size, vigorous, upright growth and being a  
4 productive and regular bearer of large, yellow flesh,  
5 clingstone fruit with a mild, sweet, sub-acid flavor and  
6 excellent eating quality; the fruit is further characterized  
7 by its attractive red skin color, its firm flesh with good  
8 storage and shipping quality and, in comparison to 'O'Henry'  
9 Peach (U.S. Plant Patent #2964), the fruit of the new variety  
10 has a higher degree of attractive red skin color and is  
11 approximately 7 days later in maturity.
